STAT

Under the provisions of Section 3.4, Executive Order 12356, a researcher has requested the mandatory classification review of the enclosed documents from the holdings of the Dwight D. Eisenhower Library. Also enclosed are copies of the researcher's request form and a document list. The identification of the Library file is given in the document list. If there is any question concerning this request, do not hesitate to contact us.

The Library staff has reviewed these documents under guidelines issued by your agency for systematic review of classified presidential papers or records as provided by Section 3.3 of E.O. 12356. After applying guidelines, the staff has determined that these documents must be reviewed by authorized personnel within your agency.

Please review the documents, obtain any concurrences if necessary, and advise the researcher if, in your opinion, the documents may be declassified. If the documents may now be declassified, please mark them with the appropriate declassification authority and send the copies to the researcher. If any documents or any portions thereof should remain classified in the interest of national security, please provide the researcher with the applicable exemption category from Section 1.3 of E.O. 12356 and specify a date or event when declassification may be accomplished. The researcher should also be advised of his rights to appeal any denials in accordance with provisions of Section 3.4 (d) of E.O. 12356. Should any denials be appealed, please notify the Eisenhower Library of the actions taken.

When you inform the researcher of the results of this review, please send the Eisenhower Library a copy of your letter to the researcher so that we may take appropriate action on the original copies of these documents in our holdings. Whenever any documents are declassified only in part, please also provide the Library with copies clearly marked to identify those portions which have been exempted from declassification. The Eisenhower Library's case number and document numbers should be used in any correspondence with the researcher or the Library.

Sincerely,

JAMES W. LEYERZAFF  
Supervisory Archivist  
Dwight D. Eisenhower Library
